

# May Fun in Mrs. Tessier's Kindergarten

We are down to the last few weeks of school. There are about eight weeks left. Children will spend these weeks reinforcing all reading, writing, and math skills, as I begin the last series of assessments. All children will be assessed for their reading levels, writing ability, and math concepts learned. Miss Swett's last day will be May 15th. We will celebrate her time in our class on her last day. In May & June we will explore many science concepts like life cycles and growth. We will have a week of 'creepy crawly' study and spend time learning more about pets. Reading, Writing & Math will continue as we develop skills to a deeper level! Read on for important events.

## **April 28 - May 2 is "Turn off TV Week":**

Attached is a record sheet for families to keep track of activities done - instead of TV. **If your child participates**, return the completed sheet after May 2nd. for individual child recognition and a reward.

**Reading Log - April's log is due now.** This is the last reading log to go home. It will be due back at the end of May. Children participating this year will receive a special reward at the end of the year.

**Scholastic Book Orders:** This is the last order - due May 7th. It is a good time to get some summer reading materials! Thank you for all of the orders. We have added many new books this year!

## **May 5th - Kindergarten Screening:**

This will not change your child's day - there will be a substitute teacher in for the day. If you know a family with a child who will be 5 on or before October 15th - tell them!
