

September 26, 2007

Dear Parents,

We have exciting news! In math class, we are planning to work with the road commissioner in Skowhegan to design a parking lot. This parking lot is on the south side of town, in the block beside Al's Pizza, just off the old railroad trestle. It will become very important to the Run of the River Project.

On Tuesday, October 2, weather permitting, rain date Wednesday, October 3, we would like to walk both classes to the parking lot so the students can "size up the job". They will return to school to meet with Greg Dore. He will give the "specs". During math class, we work in groups to design scale drawings of the parking lot. We would like permission from you to walk your child to this parking lot.

Also, we are planning to dissect cooked crayfish and somewhere along the way, many students got the idea that cooked meant eating them. We aren't sure how this started but, as you know, many people do eat crayfish. So, if your child plans to partake in this "feast" we need permission-in writing.

%%%%%%%%%%%%%%%%%%%%%%%%%%%%%%%%%%%%%%%%%%%%%%%%%%%%%%%%%%%%%%%%%%%%%%%%%

I give my permission for my child to

1. _____

2. _____

My child's name is _____

My name is _____

Thank you,
Mr. Beane and Mrs. P
