

INDICATORS TO ASSESS SCHOOL ACHIEVEMENT OF SOCIAL AND CIVIC EXPECTATIONS

Compared to baseline data, numbers of students should remain consistent and/or improve to demonstrate that the school “meets the standard.”

1.) Demonstrating ethical and responsible behavior

Percentage of students graduating with honors

***25% 85 G.P.A. or above**

***22% 90 G.P.A. or above**

Number of students who are nominated for Indian Pride award (71)

Number of students attending Project Graduation (171)

Number of students in NHS (31)

Percentage of students who qualify for honors banquet (47%)

Number of administrative detentions

Number of suspensions

Percentage of students attending school

2.) Displaying respect and tolerance toward all

Number of students participating on Civil Rights team (25)

Number of peer tutors (16)

Percentage of eligible students who attend assemblies (99%)

Number of harassment cases brought to administrators’ attention (TBA)

Number of suspensions due to fighting in the school (31)

3.) Becoming an effective collaborator

Percentage of students who meet the standard on the physical education rubric (93%)

Percentage of impacted students who meet the standard on the chemistry project rubric (100%)

Track participation in school sports, 2006-2007

Fall 284

Winter 212

Spring 109

Other collaborative organizations, 2006-2007

Band 55

Orchestra 13

Vocal 50

Theatre 75

Speech 52

4.) Contributing positively to the local and global community

Student involvement in service organizations and activities

Rotary Club	22
NHS	31
Amnesty International	16
Big Brothers/Big Sisters	21
Blood drive	37
Women for Women	22
Peer helpers	44

5.) Developing civic responsibility

Number of students participating in student government (34)	
Boys and Girls State	7
Maine History Day	8
