

This guide will walk you through creating a NWEA Test Session for your class.

1. Setting Up Testing Session

Go to: <https://teach.mapnwea.org>

Click Continue

Using credentials sent to you by
“Welcome to NWEA’s Measures of Academic Progress (MAP)!”

Log into NWEA MAP.

Click Manage Test Sessions

Choose Test My Class if you want to set up a session for a whole class. Choose Find Student if you need to find a particular student to test.

When this process is complete you will have set up a session that links students with the test(s) they will be completing.

You will see a window with your classes listed. Choose one of the classes you will be testing. If you are testing (proctoring) two classes at the very same time choose both classes.

You will next see a listing of students for the class you have chosen to test. It is important that you look at the list and **ONLY** check students who are currently in your class. Once the student is attached to a test they are using a NWEA license and their efforts will impact district/school data.

Click the box in front of students' names that will be tested in this session.
Once all students who are testing are chosen click on the Assign Test(s) drop button.

Choose the test

Select Test

Select "None" to remove test assignments for students selected.
