

## **Health Care Careers**

### **Class Make-Up Work**

#### **For All Absences, Students Will:**

1. Call the classroom to report to the Instructor as early as possible on the absent day.
2. Write (for each day missed) – 1 typed page or 2 hand written pages from the chapter work which was assigned for that day.

This assignment should have been written in the student's Homework Assignment Pad.

This make-up assignment will help the student acquaint self with the work missed during the absent day prior to returning to class.

3. When returning to class, please check the designated file for handouts from the missed day(s).

See the Instructor for information and guidance for missed work/notes, etc.
