“Systemic changes to standards, curricula, instructional practices and assessment will achieve little if efforts are not made to ensure that every learner has access to highly effective teachers and school leaders.”

-Maine DOE Education Evolving, 2012

Introduction

Background: Effective teachers continually reflect on and seek opportunities to improve their practice. Routine self-assessment, feedback from supervisors and peers, and focused professional development are essential in supporting a teacher in becoming and remaining a skillful educator. With these principles in mind, the Maine Legislature enacted the Educator Effectiveness law in 2012. It is the first law in the state’s history to require every school administrative unit to implement a Performance Evaluation and Professional Growth (PE/PG) system for teachers and principals that includes not only performance evaluation but also intentional structures of support for professional growth.

With the final adoption of Rule Chapter 180 came a requirement that the Maine DOE offer PE/PG models for teachers and for principals. The Teacher Performance Evaluation and Professional Growth (T-PE/PG) model will be detailed in this document. The details of the model elements described in this document are a synthesis of research, conversations, listening, and critical review/development by all affected stakeholders.

MSAD 54 appointed a committee as defined by the DOE protocol to work on developing the PE/PG system for the district. The committee met monthly over this period and will continue to meet four times each year to monitor ongoing needs in the PE/PG process. Over a six-year period, the committee developed a model that addresses the following components included in the Educator Effectiveness law:

- Standards of professional practice;
- Multiple measures of educator effectiveness, including professional practice and student learning and growth measures;
- A rating scale consisting of four levels of effectiveness, with professional growth opportunities and employment consequences tied to each level;
- A system for using information from the evaluation process to inform professional development and other personnel decisions;
- A mechanism for training evaluators and for the ongoing training of educators in components and procedures of the system;
- A process for determining teacher of record \(^{1}\);
- A framework for observation and feedback on a regular basis;
- A framework for peer review and collaboration; and
- Plans for professional growth and improvement

Goals and Purpose

The overarching goal of the Teacher PE/PG system is to provide all students with effective teachers throughout their public school experience and improve student learning and growth by:

- Serving as a basis for professional development that can improve instructional effectiveness;
- Clarifying expectations and serving as a guide for teachers as they reflect upon and improve effectiveness;
- Facilitating collaboration by providing a common language to discuss performance;
- Focusing the goals and objectives of schools and districts as they support, monitor and evaluate their teachers;
- Serving as a tool in developing structures of peer support for teachers; and
- Serving as a meaningful measurement of performance of individual teachers.

---

1) Teacher of record means a teacher to whom the academc growth of a student, at whole or in part, and was present and was subject to instruction by that teacher 80% of the time and, where appropriate, the student took both the pretest and posttest designed to measure achievement in that learning experience.
Teacher PE/PG Framework-

Framework for MSAD 54 Teacher PE/PG System: MSAD 54 adopted the InTASC standards as the framework to use in the Teacher PE/PG system, and the state approved the framework on June 3, 2015. MSAD 54 is pleased to offer this set of model core teaching standards that outline what teachers should know and be able to do to ensure every K-12 student has the skills necessary to succeed in college, the workforce, or any other post-secondary pursuits. These standards outline the common principles and foundations of teaching practice that cut across all subject areas and grade levels and that are necessary to improve student achievement. More importantly, these Model Core Teaching Standards articulate what effective teaching and learning looks like in a transformed public education system – one that empowers every learner to take ownership of his/her learning, that emphasizes the learning of content and application of knowledge and skill to real world problems, that values the differences each learner brings to the learning experience, and that leverages rapidly changing learning environments by recognizing the possibilities they bring to maximize learning and engage learners. A transformed public education system requires a new vision of teaching.

Teacher PE/PG Multiple Measures-

Professional Practice-
- A measure of effective instruction, management of classroom environment and professional learning as delineated in the InTASC standards
- 2016-2017 will have all teachers on the InTASC evaluation

Personal Growth-
- A measure of professional growth
- Based on the progress toward attainment of professional goals that develop the professional attributes that lead to student achievement
- 2016-2017 through 2018-2019 all teacher will have either been through a three- year cycle where professional goals have been established or progressing from Year 1 to Year 3.

Student Learning and Growth-
- A measure of the teacher’s influence on students’ academic growth
- Based on rating of student performance on multiple approved assessments (p.26)

Student Perception-
- A measure of teacher effectiveness
- Based on a student perception survey
RSU 54/MSAD 54 TEACHER EVALUATION STANDARDS AND RUBRICS

STANDARD 1: Learner Development

Exceeds (7 points) The teacher/instructor excels in her/his understanding of how learners grow and develop, recognizing that patterns of learning and development vary individually within and across the cognitive, linguistic, social, emotional, and physical areas, and designs and implements developmentally appropriate and challenging learning experiences.

Meets (4 to 6 points) The teacher/instructor is consistent in her/his understanding of how learners grow and develop, recognizing that patterns of learning and development vary individually within and across the cognitive, linguistic, social, emotional, and physical areas, and designs and implements developmentally appropriate and challenging learning experiences.

Partially Meets (2 to 3 points) The teacher/instructor is inconsistent in her/his understanding of how learners grow and develop, recognizing that patterns of learning and development vary individually within and across the cognitive, linguistic, social, emotional, and physical areas, and designs and implements developmentally appropriate and challenging learning experiences.

Does Not Meet (0 to 1 point) The teacher/instructor rarely understands how learners grow and develop, recognizing that patterns of learning and development vary individually within and across the cognitive, linguistic, social, emotional, and physical areas, and designs and implements developmentally appropriate and challenging learning experiences.

STANDARD 2: Learning Differences

Exceeds (7 points) The teacher/instructor excels in her/his understanding of individual differences and diverse cultures and communities to ensure inclusive learning environments that enable each learner to meet high standards.

Meets (4 to 6 points) The teacher/instructor is consistent in her/his understanding of individual differences and diverse cultures and communities to ensure inclusive learning environments that enable each learner to meet high standards.

Partially Meets (2 to 3 points) The teacher/instructor is inconsistent in her/his understanding of individual differences and diverse cultures and communities to ensure inclusive learning environments that enable each learner to meet high standards.

Does Not Meet (0 to 1 point) The teacher/instructor rarely understands individual differences and diverse cultures and communities to ensure inclusive learning environments that enable each learner to meet high standards.

STANDARD 3: Learning Environments

Exceeds (7 points) The teacher/instructor excels in working with others to create environments that support individual and collaborative learning, and that encourage positive social interaction, active engagement in learning, and self-motivation.

Meets (4 to 6 points) The teacher/instructor is consistent in working with others to create environments that support individual and collaborative learning, and that encourage positive social interaction, active engagement in learning, and self-motivation.

Partially Meets (2 to 3 points) The teacher/instructor is inconsistent in working with others to create environments that support individual and collaborative learning, and that encourage positive social interaction, active engagement in learning, and self-motivation.

Does Not Meet (0 to 1 point) The teacher/instructor rarely works with others to create environments that support individual and collaborative learning, and that encourage positive social interaction, active engagement in learning, and self-motivation.
STANDARD 4: Content Knowledge

**Exceeds (8 points)** The teacher/instructor excels in his/her understanding of the central concepts, tools of inquiry, and structures of the discipline(s) he or she teaches and creates learning experiences that make these aspects of the discipline accessible and meaningful for learners to assure mastery of the content.

**Meets (5 to 7 points)** The teacher/instructor is consistent in his/her understanding of the central concepts, tools of inquiry, and structures of the discipline(s) he or she teaches and creates learning experiences that make these aspects of the discipline accessible and meaningful for learners to assure mastery of the content.

**Partially Meets (3 to 4 points)** The teacher/instructor is inconsistent in his/her understanding of the central concepts, tools of inquiry, and structures of the discipline(s) he or she teaches and creates learning experiences that make these aspects of the discipline accessible and meaningful for learners to assure mastery of the content.

**Does Not Meet (0 to 2 points)** The teacher/instructor rarely understands the central concepts, tools of inquiry, and structures of the discipline(s) he or she teaches and creates learning experiences that make these aspects of the discipline accessible and meaningful for learners to assure mastery of the content.

STANDARD 5: Application of Content

**Exceeds (8 points)** The teacher/instructor excels in his/her understanding of how to connect concepts and use differing perspectives to engage learners in critical thinking, creativity, and collaborative problem-solving related to authentic local and global issues.

**Meets (5 to 7 points)** The teacher/instructor is consistent in his/her understanding of how to connect concepts and use differing perspectives to engage learners in critical thinking, creativity, and collaborative problem-solving related to authentic local and global issues.

**Partially Meets (3 to 4 points)** The teacher/instructor is inconsistent in his/her understanding of how to connect concepts and use differing perspectives to engage learners in critical thinking, creativity, and collaborative problem-solving related to authentic local and global issues.

**Does Not Meet (0 to 2 points)** The teacher/instructor rarely understands how to connect concepts and use differing perspectives to engage learners in critical thinking, creativity, and collaborative problem-solving related to authentic local and global issues.

STANDARD 6: Assessment

**Exceeds (10 points)** The teacher/instructor excels in his/her understanding and uses multiple methods of assessment to engage learners in their own growth, to monitor learner progress, and to guide the teacher’s/instructor’s and learner’s decision making.

**Meets (6 to 9 points)** The teacher/instructor is consistent in his/her understanding and uses multiple methods of assessment to engage learners in their own growth, to monitor learner progress, and to guide the teacher’s/instructor’s and learner’s decision making.

**Partially Meets (3 to 5 points)** The teacher/instructor is inconsistent in his/her understanding and uses multiple methods of assessment to engage learners in their own growth, to monitor learner progress, and to guide the teacher’s/instructor’s and learner’s decision making.

**Does Not Meet (0 to 2 points)** The teacher/instructor rarely understands and uses multiple methods of assessment to engage learners in their own growth, to monitor learner progress, and to guide the teacher’s/instructor’s and learner’s decision making.
**STANDARD 7: Planning for Instruction**

**Exceeds (10 points)** The teacher/instructor excels in his/her planning of instruction that supports every student in meeting rigorous learning goals by drawing upon knowledge of content areas, curriculum, cross-disciplinary skills, pedagogy, as well as knowledge of learners and the community context.

**Meets (6 to 9 points)** The teacher/instructor is consistent in his/her planning of instruction that supports every student in meeting rigorous learning goals by drawing upon knowledge of content areas, curriculum, cross-disciplinary skills, pedagogy, as well as knowledge of learners and the community context.

**Partially Meets (3 to 5 points)** The teacher/instructor is inconsistent in his/her planning of instruction that supports every student in meeting rigorous learning goals by drawing upon knowledge of content areas, curriculum, cross-disciplinary skills, pedagogy, as well as knowledge of learners and the community context.

**Does Not Meet (0 to 2 points)** The teacher/instructor rarely plans instruction that supports every student in meeting rigorous learning goals by drawing upon knowledge of content areas, curriculum, cross-disciplinary skills, pedagogy, as well as knowledge of learners and the community context.

**STANDARD 8: Instructional Strategies**

**Exceeds (9 points)** The teacher/instructor excels in his/her understanding and uses a variety of instructional strategies to encourage learners to develop deep understanding of content areas and their connections, and to build skills to apply knowledge in meaningful areas.

**Meets (5 to 8 points)** The teacher/instructor is consistent in his/her understanding and uses a variety of instructional strategies to encourage learners to develop deep understanding of content areas and their connections, and to build skills to apply knowledge in meaningful areas.

**Partially Meets (3 to 4 points)** The teacher/instructor is inconsistent in his/her understanding and uses a variety of instructional strategies to encourage learners to develop deep understanding of content areas and their connections, and to build skills to apply knowledge in meaningful areas.

**Does Not Meet (0 to 2 points)** The teacher/instructor rarely understands and uses a variety of instructional strategies to encourage learners to develop deep understanding of content areas and their connections, and to build skills to apply knowledge in meaningful areas.

**STANDARD 9: Professional Learning and Ethical Practice**

**Exceeds (7 points)** The teacher/instructor excels in engaging in ongoing professional learning and uses evidence to continually evaluate his/her practice, particularly the effects of his/her choices and actions on others (learners, families, other professionals, and the community), and adapts practice to meet the needs of each learner.

**Meets (4 to 6 points)** The teacher/instructor is consistent in engaging in ongoing professional learning and uses evidence to continually evaluate his/her practice, particularly the effects of his/her choices and actions on others (learners, families, other professionals, and the community), and adapts practice to meet the needs of each learner.

**Partially Meets (2 to 3 points)** The teacher/instructor is inconsistent in engaging in ongoing professional learning and uses evidence to continually evaluate his/her practice, particularly the effects of his/her choices and actions on others (learners, families, other professionals, and the community), and adapts practice to meet the needs of each learner.

**Does Not Meet (0 to 1 point)** The teacher/instructor rarely engages in ongoing professional learning and uses evidence to continually evaluate his/her practice, particularly the effects of his/her choices and actions on others (learners, families, other professionals, and the community), and
**STANDARD 10: Leadership and Collaboration**

**Exceeds (9 points)** The teacher/instructor excels in seeking appropriate leadership roles and opportunities to take responsibility for student learning, to collaborate with learners, families, colleagues, other school professionals, and community members to ensure learner growth, and to advance the profession.

**Meets (5 to 8 points)** The teacher/instructor is consistent in seeking appropriate leadership roles and opportunities to take responsibility for student learning, to collaborate with learners, families, colleagues, other school professionals, and community members to ensure learner growth, and to advance the profession.

**Partially Meets (3 to 4 points)** The teacher/instructor is inconsistent in seeking appropriate leadership roles and opportunities to take responsibility for student learning, to collaborate with learners, families, colleagues, other school professionals, and community members to ensure learner growth, and to advance the profession.

**Does Not Meet (0 to 2 points)** The teacher/instructor rarely seeks appropriate leadership roles and opportunities to take responsibility for student learning, to collaborate with learners, families, colleagues, other school professionals, and community members to ensure learner growth, and to advance the profession.

**STANDARD 11: Case Management**

**Exceeds (6 points)** The Special Education Teacher excels in case management services in accordance with Maine Unified Special Education Regulations.

**Meets (5 points)** The Special Education Teacher is consistent in providing case management services in accordance with Maine Unified Special Education Regulations.

**Partially Meets (3 to 4 points)** The Special Education Teacher is inconsistent in providing case management services in accordance with Maine Unified Special Education Regulations.

**Does Not Meet (0 to 2 points)** The Special Education Teacher rarely provides case management services in accordance with Maine Unified Special Education Regulations.
Definitions of Summative Rating Measures:

A summative rating that exceeds or meets is defined as:

All 10 standards of the evaluation (11 for special education) fall in the area of Exceeds or Meets.

OR

Two or fewer standards fall in the Partially Meets area on the evaluation.

A summative rating that does not meet is defined as:

One or more standards fall in the Does Not Meet area on the evaluation.

OR

Three or more standards fall in the Partially Meets areas on the evaluation.
**Student Surveys:**

RSU 54/MSAD 54
Student Survey, Grades K-2

School: ____________________________  Grade/Program: ____________________________

Teacher: ____________________________  Date: ________________________________

Rate your teacher’s performance on the following items:

1. My teacher listens to me.
   - [ ] [ ]

2. My teacher gives me help when I need it.
   - [ ] [ ]

3. My teacher shows me how to do new things.
   - [ ] [ ]

4. I know what I am supposed to do in class.
   - [ ] [ ]

5. I am able to do the work in class.
   - [ ] [ ]

6. I learn new things in my class.
   - [ ] [ ]

7. I feel safe in my classroom.
   - [ ] [ ]

Comments:

**Goal Setting**

**Goals:** Each teacher should set 1 goal each year in the areas of a) Student Progress, b) Teacher Professional, and c) School or District.

Student Growth Goals: Teacher goals for student progress should be measurable and should include those students for whom the teacher is responsible for instruction.

Professional Goals: Teacher professional goals may be any goal the teacher chooses, including goals connected to that individual’s professional plans (recertification, professional certification, professional action plan, etc.).

School or District Goals: Teacher, school or district goals should be aligned to the school or district goals and focus on how the teacher will meet/advance the goals of the district or school.

Goals are to be completed each year by October 1st and are to be reviewed each year and shared with the building administrator (note: in the third year of continuing contract the Evaluation Reflection is considered to include necessary goals reflection, and therefore those teachers in their evaluation year do not need to do a separate goals reflection). Teachers are welcome to continue goals forward year to year so long as appropriate.
MSAD 54/RSU 54

____________________________________________________________________________________
____________________________________________________________________________________
____________________________________________________________________________________

This goal is important because / The benefits of achieving this goal will be:
____________________________________________________________________________________
____________________________________________________________________________________
____________________________________________________________________________________
Artifacts of Professional Practice:

All educators will have the opportunity to submit artifacts of professional practice to inform evaluators of performance relative to domains and standards of effective instruction. Submitted artifacts will serve to ensure evaluators have the information necessary to draft comprehensive formative and summative evaluation reports. Artifacts can include but are not limited to: e.g. faculty meeting agendas/materials, meeting notes/agendas, description/planning for a school/community event, emails to and from parents/families, descriptions of professional development activities, sample teacher evaluations, lesson plans, classroom activities, anchor charts, sample of student work. Submitted artifacts can also serve as evidence documenting completion of Teacher Improvement plan action steps.

Student Learning and Growth Measures

Teachers will be evaluated on student achievement as follows:

Students at any grade level taking any State Assessment will be evaluated for success as follows:

1) Any student in grades 4-8 achieving a two-point increase from one year to the next will be considered to have demonstrated adequate growth.

2) For students in grade 11 or the third year of high school, if 25% or higher meet the state average SAT scores (e.g., 467 Reading, 471 Math in 2015), this will be considered successful achievement on the State assessment.

- Teachers 6-12 will use State Assessments if given at their grade level and/or
- K-12 students will show growth on the nationally normed NWEA test.
- NWEA - Students will show growth from the first NWEA assessments in Math and Language Arts to the final NWEA given for the year. Mid-year results may be used if approved by the building administrator.
- Teachers of students in the Read 180 program may use the reading inventory and/or
- If no nationally normed assessment applies, teachers will establish assessments with a pre- and post-assessment to measure student growth. Any assessments used for this measure of growth must be approved by the building principal prior to the start of the school year.

MUST USE STATE ASSESSMENT IF GIVEN AND APPLICABLE
RSU 54/MSAD 54 Teacher Evaluation Process Summary

Teacher_________________________ Date_______________

Administrator____________________ School_________________________ Grade(s)_________

The primary measure for determining teacher effectiveness will be the teacher evaluation. Teacher Evaluation Report (65%), Exceeds or Meets the standard is defined as all 10 standards (11 standards for Special Education) of the evaluation fall within the area of Exceeds or Meets or 2 or fewer standards fall within the Partially Meets area. Partially Meets or Does Not Meet the standard is defined as 1 standard within the Does Not Meet area or 3 or more standards within the Partially Meets area.

___ Exceeds or Meets Date(s) ___________ ___ Does Not Meet Date(s) ___________

Other measures that are considered in teacher effectiveness include:

Evaluate Continuing Contract Teacher at end of year 3

- Meets or exceeds standards per definition
  - Yes: Member enters year 1 or 2 on Plan
  - No: Member goes on Teacher Improvement Plan for one year

  - Meets or exceeds standards per definition
    - Yes: Member goes on to a second year of the Teacher Improvement Plan
    - No: Possible Dismissal or Continued Improvement Plan
Continuing Contract Teacher

Year 1

Teacher whose Year 3 evaluation meets or exceeds the standard

1. Teacher Sets goals for the year.

2. Administrator and teacher have Pre-Observation meeting to discuss teacher/administrator observation goals

3. Administrator conducts observation(s) and administrator and teacher have Post-Observation meeting. Minimum of one observation by administrator.

4. Complete Year 1 Student Surveys by June 1\textsuperscript{st}.

5. Teacher Goals Reflection submitted by May 1\textsuperscript{st}.

6. Minimum of one observation by administrator

7. In either Year 2 or Year 3 (or any additional year), teacher will request peer observation for feedback on professional goals.

8. Administrator may restart formal teacher evaluation process at any time if s/he has a concern about the teacher’s work.

Teacher whose Year 3 evaluation partially meets or does not meet the standard

1. In addition to meeting the requirements of year 3 continuing contract expectations the teacher will.

2. Administrator and teacher will meet by October 1 to review the Teacher Improvement Plan.

3. Four progress check-in dates will be set to discuss Teacher Improvement Plan progress

4. Administrator strives to complete the electronic Teacher Evaluation (includes observation(s) as evidence) prior to May 15. Administrator and teacher will meet to discuss evaluation and student surveys. If the teacher’s evaluation still only partially meets or does not meet, the administrator may recommend the teacher be non-renewed or placed on a Teacher Improvement plan.

5. If the teacher’s evaluation meets or exceeds the standards s/he will progress to Year 2 without a Teacher Improvement Plan. Administrator and teacher will set goals for for the following year.
Continuing Contract Teacher

Year 2

Teacher whose Year 1 evaluation meets or exceeds the standard

1. Teacher Sets goals for the year.

2. Administrator and teacher have Pre-Observation meeting to discuss teacher/administrator observation goals

3. Administrator conducts observation(s) and administrator and teacher have Post-Observation meeting. (Minimum of one observation by administrator.)

4. Student surveys by June 1st (optional)

5. Teacher Goals Reflection submitted by May 1st.

6. In either Year 2 or Year 3 (or any year), teacher will be observed by a peer.

7. Administrator may restart formal teacher evaluation process at any time if s/he has a concern about the teacher’s work.

Teacher whose Year 1 evaluation partially meets or does not meet the standard

1. In addition to meeting the requirements of year 3 continuing contract expectations the teacher will.

2. Administrator and teacher will meet by October 1 to review the Teacher Improvement Plan.

3. Four progress check-in dates will be set to discuss Teacher Improvement Plan progress

4. Administrator strives to complete the electronic Teacher Evaluation (includes observation(s) as evidence) prior to May 15. Administrator and teacher will meet to discuss evaluation and student surveys. If the teacher’s evaluation still only partially meets or does not meet, the administrator may recommend the teacher be non-renewed or placed on a Teacher Improvement plan.

5. If the teacher’s evaluation meets or exceeds the standards s/he will progress to Year 3 without a Teacher Improvement Plan. Administrator and teacher will set goals for for the following year.
Continuing Contract Teacher

Year 3

1. Teacher Sets goals for the year.

2. Administrator and teacher have Pre-Observation meeting to discuss teacher/administrator observation goals.

3. Administrator conducts observation(s) and administrator and teacher have Post-Observation meeting.

4. Student surveys optional.

6. Administrator completes the electronic Teacher Evaluation (includes observation(s) as evidence) prior to May 15.

7. Administrator and teacher meet to discuss evaluation, teacher goals, and student surveys by June 1.

8. If the teacher evaluation meets or exceeds the standard, s/he moves to Year 1 and the administrator completes appropriate sections of the Teacher Evaluation Process Summary Form.

9. The Administrator and teacher will review the teacher’s progress on the Teacher Improvement Plan by May 31. If the teacher’s evaluation still only partially meets or does not meet the standard the teacher will be placed on a Teacher Improvement Plan for Year 1. If the teacher’s evaluation meets or exceeds the standards s/he will progress to Year 1 without a Teacher Improvement Plan.

10. If the teacher evaluation partially meets or does not meet the standards, the teacher will be put on a Teacher Improvement Plan.
Teacher Improvement Plan Process

The Teacher Improvement Plan goals for a continuing contract teacher who has received a rating of “partially meets” or “does not meet” should address the specific areas of concern identified in his/her evaluation.

Goals and Objectives

The administrator will outline what the teacher must do in order to improve his/her practice sufficiently to move to the next year in the contract cycle.

Timeline

A timeline for plan implementation will include specific dates.

Description of professional learning activities may include such elements as:

- Graduate level course work on new knowledge and practice
- Workshops
- Professional development
- Professional readings (books and articles)
- Coaching sessions (with peers)

Description of work products that the teacher anticipates producing such as:

- Project and papers from graduate courses
- Lessons, units of instruction
- Evidence of application of materials gleaned from professional development and professional readings
- Self-reflection from peer meetings/discussions

Methods of feedback:

Mandatory

- Formal supervisor observation (at least twice) with follow-up conferences
- Informal classroom visits by supervisor with feedback
- Evaluation

Optional

- Peer observation and feedback
- Meeting with peer(s) to discuss progress and practices
Teacher Improvement Plan Form, Year ___

Goals and Objectives:

Timeline:

Description of professional learning activities:

Description of work products that the teacher anticipates producing:

__________________________
Teacher
__________________________
Date

__________________________
Administrator
__________________________
Date
**Teacher PE/PG Goals Reflection**

Teacher Name: ____________________________ Date of submission: ____________

**Instructions:** By the end of the first and second year of the probationary and continuing contract evaluation cycle, referring to the goals established for that year, complete a written reflection of your goals.

**Written Reflection:** Using the self-assessment and student learning data as a guide, write a reflection on your approved goals.
**Teacher PE/PG Reflection and Self-Evaluation**

Teacher Name: __________________________ Date of submission: ____________

**Instructions:** By May 1 of the year three of the probationary and continuing contract evaluation cycle, referring to the InTasc Standards along with your professional goals and evidence documentation, complete a written reflection of your professional performance.

**Self-Evaluation:** For each InTasc Standard, assign yourself a rating of Exceeds, Meets, Partially Meets or Does Not Meet. If applicable, include any evidence or highlights that you believe relevant to the rating you assign.

**Written Reflection:** Using the self-assessment and student learning data as a guide, write a summary of one page or less that details your strengths, opportunities for growth, and progress. This final self-evaluation will be submitted to your evaluator prior to the Year 3 March 1 meeting.
Training of Evaluators and Teachers

In order to provide the opportunity for each evaluator and teacher to understand his or her responsibilities and participate fully in the T-PE/PG system, the school administrative unit must provide training for each evaluator and each teacher according to the requirements of Rule Chapter 180, listed below, and the guidelines in Figure 1 (page 35). The Maine DOE will identify resources that can be used with this model.

Training Requirements as set forth in Rule Chapter 180

Evaluator Training

A. Evaluators must complete training in the following:
   - Conducting pre-observation and post-observation conferences every three years to ensure that a standardization of the process occurs;
   - Observing and evaluating the professional practice of teachers which is a requirement of the initial administrator certification; and
   - Developing and guiding professional growth plans.

B. The training in observing and evaluating professional practice of teachers must include the following:
   - Training in evaluating performance based on evidence, and without bias;
   - Adequate time for evaluators to practice and become familiar with the T-PE/PG Model;
   - Opportunity for evaluators to work collaboratively;
   - Training in assessing evidence of performance not directly observed in classroom observations and in incorporating that evidence into a summative evaluation;
   - Training designed to ensure a high level of inter-rater reliability and agreement. To continue to serve as a trained evaluator, an evaluator must maintain an identified minimum level of inter-rater reliability and agreement by participating in training or recalibration at intervals specified in the T-PE/PG model.

Collegial Peer Coaching:

Administrators work together as part of the district leadership team to set strategic goals for improvement and help one another develop as leaders. This includes sharing of effective leadership practice, collaborating on schoolwide and districtwide professional development initiatives, honing skills of observation/evaluation through implementing instructional rounds protocols, and benchmarking progress on strategic SMART goals set at the beginning of each evaluation cycle.
Teacher Training

As part of implementing the Teacher PE/PG system, prior to beginning the three-year cycle, a school administrative unit must provide training in the following areas:

- The structure of the system, including the multiple measures of educator effectiveness and the evaluation cycle;
- The names and roles of administrators and others whose decisions impact the educator’s rating;
- The process for participation in professional development opportunities to assist the teacher in meeting professional practice standards used in the system;
- The results and consequences of receiving each type of summative effectiveness rating; and
- Other aspects of the system necessary to enable the educator to participate fully in the evaluation and professional growth aspects of the system.

Collegial Peer Coaching:

As part of all evaluation cycles, educators will seek out ways to tap into the knowledge and expertise of colleagues to share best practice and support their goals. Effective methodologies for peer coaching include peer observations focused on a specific instructional strategy, instructional rounds focused on a targeted problem of practice, and/or forming a lesson study group.
