**Recommended amounts set forth below:**

*State Mandated Explanation: The District's contribution to the total cost of funding public education from kindergarten to grade 12 as described in the Essential Programs and Services Funding Act is the amount of money determined by state law to be the minimum amount that the District must raise and assess in order to receive the full amount of state dollars.*

### **OTHER LOCAL TAX REVENUES FOR THE 2020-2021 SCHOOL BUDGET**

**ARTICLE 13:** The School Board recommends that the District raise and appropriate **\$22,386.70** for the annual payments on debt service previously approved by the District voters for non-state-funded school construction projects or non-state-funded portions of school construction projects in addition to the funds appropriated as the local share of the District's contribution to the total cost of funding public education from kindergarten to grade 12.

*State Mandated Explanation: Non-state-funded debt service is the amount of money needed for the annual payments on the District's long-term debt for major capital school construction projects that are not approved for state subsidy. The bonding of this long-term debt was previously approved by the District voters.*

**ARTICLE 14:** The School Board recommends that the District raise and appropriate **\$1,085,521.30** in additional local funds, which exceeds the State's Essential Programs and Services allocation model by **\$1,085,521.30** as required to fund the budget recommended by the School Board.

The School Board gives the following reasons for exceeding the State's Essential Programs and Services funding model by \$1,085,521.30: This model does not fully cover the costs of regular classroom instruction, special education instruction, extracurricular and co-curricular student activities, district administration and leadership, student transportation, and school technology

*State Mandated Explanation: The additional local funds are those locally raised funds over and above the District's local contribution to the total cost of funding public education from kindergarten to grade 12 as described in the Essential Programs and Services Funding Act and local amounts raised for the annual payment on non-state funded debt service that will help achieve the District budget for educational programs.*

### **SUMMARY OF TOTAL 2020-2021 SCHOOL BUDGET**

**ARTICLE 15:** The School Board recommends that the District authorize the School Board to expend **\$36,666,248.00** for the fiscal year beginning July 1, 2020 and ending June 30, 2021 from the District's contribution to the total cost of funding public education from kindergarten to grade 12 as described in the Essential Programs and Services Funding Act, non-state-funded school construction projects, additional local funds for school purposes under the Maine Revised Statutes, Title 20-A, section 15690, unexpended balances, tuition receipts, state subsidy and other receipts for the support of schools.
